A

IAS STAFF MEETING

28 June 1974

1. [redacted] reported on the Executive Council Meeting of 28 June 1974:

a. Mr. Proctor is leaving on two weeks' leave tomorrow.

b. Mr. Duckett will receive the National Civil Service Commission League Award.

c. There was a discussion of the Dick Cavett Show of Thursday night. Ray Cline and Bob Komer were allied against Seymour Hersch and Victor Marchetti. [redacted] will attempt to get the film from [redacted] CRS, for showing in IAS.

d. [redacted] next Congressional briefing (NEDZI) will be 15 July. Proctor will be attending.

e. There was a discussion of telephone security related to calls between the Watch Office and personnel at home. It has been determined that the direct lines employed by some senior officials are not very secure. In the future personnel may be required to come in to the Watch Office to receive the information rather than over the phone.

f. A man named Richardson has been suing the Government to have the CIA budget made public. The Supreme Court has ruled against him on the basis that Richardson is not an interested party, being neither associated with CIA or the government. The issue is not dead and will come up again next year. Mr. Proctor believes that ultimately the budget will become public.

g. Mr. Proctor discussed Mr. Colby's security legislation, which is receiving adverse publicity in the press. The legislation was submitted to OMB some time ago where it has remained uncoordinated. It was leaked from OMB as an adverse action. Some members of PFIAB are urging that this legislation be pushed

in order to prosecute the leakers. The legislation basically will attach penalties only to the person in government who by virtue of his job has access to classified information. Personnel who receive the information are not penalized.

h. Senator Jackson reported that he was very pleased with the support that CIA gave him for his China trip scheduled for 1-6 July.

i. There was a discussion of a problem related to flight tracks on the proposed [ ] mission.
